香港威雅學校

👤 As a parent, I am impressed by the class sizes at the school. The student-to-teacher ratio allows my child to get the dedicated attention and support they need. The nurturing environment created by this level of personalised attention is truly invaluable. 🗣️

Parent of Year 1 pupil

👤 The after-school ECA programme has been wonderful for our son. He does the Science clubs and many of the sports. We love how he comes home every day with a big smile on his face after a fun afternoon of activities! 🗣️

Parent of Year 2 pupil

👤 The school's strong Mandarin programme truly stands out. In today's business landscape, Mandarin is an essential language skill and I believe no child in Hong Kong should miss out on learning it. I am confident in the school's ability to provide a future-proof education for my daughters. 🗣️

Parent of Year 4 and 5 Pupils

👤 Coming from a local school system, we were very impressed with the school's Intensive English Programme. The fast-track programme has allowed our child to seamlessly transition into an English learning environment. 🌟

Parent of Year 5 pupil

👤 In addition to the school's focus on academics, they understand that education is also about helping prepare children for the future. The school has provided such dedicated attention to help our daughter gain entry to our first choice of secondary boarding school in the UK. 🌟

Parent of Year 6 pupil

👤 The iSTEAM curriculum is truly impressive. My child comes home talking about coding and robotics, which gives me confidence in the school's dedication to future-ready skills. This, blended with the school's traditional UK heritage, has created an outstanding educational experience for my child. 🌟

Foreword from the Acting British Consul General

Britain has a global reputation for the quality and diversity of its schools and universities. More than 8,000 British-style schools currently operate around the world. In the next 10 years that number is expected to double and to cater for around 9 million students. Many parents in Hong Kong, Macao and Mainland China have been attracted to British schools seeking to give their children the very best start in life

The establishment of Wycombe Abbey Hong Kong in September 2019 was a significant development in the internationalisation of Hong Kong's school sector. Wycombe Abbey's reputation as an all-girls boarding school in Buckinghamshire is well established across the SARs. At the British Consulate we have been very pleased to support Wycombe Abbey in establishing its first co-educational school in Hong Kong, to meet the needs of international and local students. The strengthening of links like these will underpin the next generation of friendships between Hong Kongers and British people.

The impressive school campus has been purpose-designed to be a welcoming educational environment for younger pupils. The wave shape of the building provides a light and airy classroom environment alongside science labs and space for the creative STEM and PE lessons that the children enjoy. The academic ambition for the school is strong, reflecting the mother school in the UK. I am particularly pleased to see the provision of an Intensive English (IE) class, which allows non-English speaking children to join the school, learn English under focussed guidance and benefit from Wycombe Abbey's British-style education.

The last school year has been marked by Covid-19 and the challenges that has created for all schools. I know from my own experience as a parent how challenging home schooling can be. But I also know that parents have valued the impressive on-line teaching provision during Covid-19 lock-down. And now I am sure I speak for all of us when I say how relieved we are to have children back in school regularly and eager to get back to full days.

There is nothing more important than giving your children the best start in life. I strongly believe that a British education is an investment in their happiness, attainment and creativity. I look forward to watching Wycombe Abbey Hong Kong grow and its pupils thrive.

| The Chinese Curriculum

A standout feature of our academic curriculum is the strength of our Chinese department and our commitment to the teaching of Mandarin. Our Mandarin lessons cater to native, second language and non-native speakers to ensure that all pupils are taught in small groups and make excellent progress.

中文課程

學校其中一大亮點是與別不同的中文課程，以及對普通話教學的承諾。我們深明普通話及其在香港文化背景中的重要性，因此在課時編排上，普通話和英語的學習時間均是相等。而我們的普通話課程針對母語、第二語言及非母語的學習者，確保所有學生都能在小組中接受教學，並取得卓越的進步。

| Intensive English (IE) Programme

Our Intensive English (IE) Programme is a supportive, stimulating programme of intensive English designed to allow bright and capable pupils who show real potential but have limited English to join Wycombe Abbey Hong Kong. 英語強化課程專案

英語強化課程專案是一系列鼓勵性的英語學習計劃，旨在幫助有潛力但英語基礎有限的優秀學生順利融入香港威雅學校。

這些學生本身聰慧而具備能力，卻可能在英文水準方面有所欠缺，該專案正是為了提升這部分學生的英文水平而設計，使他們能夠在入學約六個月後達到一定水平的英語能力，順利跟上主流課程的節奏。

| A Core Subject for Future Innovators

iSTEAM at our school is an interdisciplinary fusion of **ICT, technology, robotics, coding, engineering, mathematics, science, and art and design**. Uniquely, rather than an optional ECA, iSTEAM is integrated as a core subject within the timetable. This comprehensive approach aims to equip students with the skills and knowledge needed to thrive in an increasingly interconnected and technology-driven world.

未來創新者的核心學科

我們學校的 iSTEAM 課程是一個跨學科的融合，涵蓋了資訊與通訊技術、科技、機器人、編程、工程、數學、科學以及藝術與設計。與其他選修課程不同，iSTEAM 被獨立地整合為課程表中的核心科目。全面的教學方法旨在為學生提供在日益互聯和科技驅動的世界中茁壯成長，並且具備所需的技能和知識。

Symphonies of Expression

Creative Arts at our school are an integral part of our holistic education approach. In **Music**, students engage in collective singing and learn music theory. Individual musical instrument lessons are also available.

Our well-equipped **Art** studios provide a stimulating environment for students to develop their artistic skills and explore different mediums.

Speech and Drama lessons enhance communication skills, including acting, speaking, and presentation abilities. Through engaging lessons and exciting theatrical experiences, our students develop confidence and creativity.

創意藝術、音樂、演講和戲劇課程

創意藝術是我們全人教育方法的重要組成部分。當中包括音樂、藝術、演講和戲劇課程。在音樂課上，學生參與集體歌唱，學習音樂理論，另外亦提供個人樂器課程。

我們為學生提供了一個設備完善的藝術工作室，刺激他們發展藝術技能並探索不同的媒介。

演講及戲劇課程旨在提升學生的溝通技巧，包括表演、口語表達和演示能力。通過生動有趣的課程和刺激的戲劇體驗，我們的學生在自信心和創造力方面得到良好的發展。

| The Power of Sport

Our sports facilities provide a dynamic environment for a wide range of physical activities, with facilities including the highest indoor climbing wall in a school in Hong Kong. Our comprehensive PE curriculum offers more than just skills development; it also encompasses competitive sports games against other schools in Hong Kong. Embracing a holistic approach, we understand the vital connection between mental and physical well-being, and we recognise how sport cultivates social awareness, teamwork, and a sense of community.

充滿活力的運動環境

我們為各種體育活動提供了一個充滿活力的環境，其中包括香港學校中最高室內攀石牆。我們深明心理健康與身體健康之間的重要聯繫，因此採取全人教育的理念，除了著重技能的提升之餘，更包括與其他香港學校的競技體育比賽，讓學生透過體育運動培養社會意識、團隊合作和責任感。

| A Unique Environment for Year 7 and 8

Our Year 7 and 8 students hold a distinctive position as the oldest in the school, unlike in most secondary schools in Hong Kong and across the world. During these pivotal years, our children develop independence, confidence and self-motivation in a nurturing environment where they are supported by teachers who know them well.

Our Year 7 and 8 programme empowers our students with leadership roles as well as other opportunities such as our bespoke entrepreneurship programme that are rarely available to children of their age.

WASHK students are well prepared to thrive at senior school and in life beyond.

| 七年級和八年級生的獨特學習環境

我們的七年級和八年級學生是學校中年齡最大的學生，因此他們在學校中擔任獨特的角色，這與香港及全球大多數中學的情況有所不同。在這個關鍵的成長階段，我們致力讓他們在充滿關愛的環境中發展獨立性及自信心，同時教師也會提供適當的支援。

我們的課程賦予七年級和八年級學生領導角色，為他們提供度身訂造的創業計劃等機會，這些機會在同齡孩子中並不常見，希望為升讀高年級及未來生活中茁壯成長，做好充分的準備。
