校長寄語

Welcome to Wycombe Abbey School Hong Kong. Building on the traditions of Wycombe Abbey, the UK's top performing boarding school, we offer a rigorous academic environment alongside a focus on personal development, giving our students a competitive academic edge as well as equipping them with the core skills needed for success at the world's top universities.

We follow the British national curriculum, including IGCSEs and A-Levels, building a strong foundation in STEM, English, and Mandarin while going beyond traditional academics. Our future-focused approach, seamlessly integrating entrepreneurship, leadership, and our award-winning iSTEAM programme, helps our students develop critical thinking, creativity, adaptability, and real-world problem-solving skills, preparing them to thrive in an ever-evolving global landscape.

Our school campuses are intentionally smaller than most international schools in Hong Kong and further afield, creating an environment where students are known as individuals and parents are valued members of the school community.

Our small class sizes, dedicated teaching staff and cutting edge digital technologies increase teacher-student interactions, creating opportunities for personalised academic feedback and support and ensuring that all students make the very best academic and personal progress.

At Wycombe Abbey Hong Kong, our students develop independence and self-motivation, ready to succeed in their next stage of education – whether at a top boarding school or university – as well as the confidence and resilience required to be tomorrow's leaders.

— Rob Fox, Headmaster

A Brief History 簡史

Founded in 2019, Wycombe Abbey Hong Kong is part of Wycombe Abbey International, a global family of schools established in 2015. This network extends the prestigious legacy of Wycombe Abbey in the United Kingdom, a world-leading boarding school with a rich history dating back to 1896.

Wycombe Abbey UK has long been celebrated for its academic excellence, consistently placing a remarkable number of students – roughly one-third annually – at the Universities of Oxford and Cambridge, with many others gaining admission to elite universities worldwide.

Since its inception, Wycombe Abbey Hong Kong has embodied the academic rigour and innovative spirit of its UK sister school. Having quickly established itself as a leading prep school in the region, it provides families with an exceptional British-style education.

Building on this success, Wycombe Abbey School Hong Kong further expanded its impact with the launch of its own senior school in August 2025.

香港威雅學校創校於2019年，為威雅國際教育機構旗下成員。威雅國際成立於2015年，其學校網絡承襲英國威雅公學的悠久傳統——這所世界頂尖寄宿學校始建於1896年，百年來聲名卓著。

英國威雅公學素以學術成就卓越見稱，每年約有三分之一畢業生成功升讀牛津及劍橋大學，其餘畢業生亦多獲世界頂尖學府取錄，成績斐然。

自創校以來，香港威雅學校秉承英國姊妹學校的嚴謹學風與創新精神，迅速成為區內頂尖預備學校，為本地家庭提供卓越的英式教育。

憑藉這份佳績，香港威雅學校更於2025年8月開辦高中部，進一步擴展教育使命，延續深遠影響。

Curriculum

課程架構

We offer the National Curriculum for England and Wales, enriched by Hong Kong's cultural context and aligned with British Common Entrance Examination standards. Through combining foundational subjects—Mathematics, Science, Creative and Performing Arts, and Humanities—with innovative programmes in iSteam, Entrepreneurship and Leadership, we foster critical thinking and problem-solving skills, preparing students for top senior schools and beyond.

Central to our approach is a holistic education that fosters intellectual, emotional, physical, and social growth. While our school is an English-medium environment, we prioritise language fluency with equal emphasis on Mandarin and English, ensuring students thrive in multilingual environments. Through core iSTEAM (Innovation, Science, Technology, Engineering, Arts, and Mathematics) integration, we inspire future-ready innovators capable of tackling real-world challenges.

Every aspect of our future-proof curriculum is designed to empower students to become independent, critical thinkers, ready to excel in their next academic step.

我們提供英國及威爾斯國家課程，融入香港本土文化背景，與英國公學入學考試標準緊密對接。課程結合理科、數學、創意與表演藝術、人文學科等基礎科目，同時涵蓋 iSTEAM、創業教育與領袖才能等創新課程，我們著重培養學生的批判思維與解難能力，為升讀頂尖高中以至未來發展奠定基礎。

我們以全人發展為教育核心，兼顧學生的智力、情感、體能及社交成長。校園以英語為主要教學語言，同時重視中英文雙語能力的培養，讓學生在多語環境中游刃有餘。透過核心的 iSTEAM 課程（創新、科學、科技、工程、藝術及數學），我們啟發學生成為具備未來視野、能應對真實世界挑戰的創新者。

Curriculum Highlights

課程亮點

| iSTEAM

Our award-winning iSTEAM programme is an interdisciplinary fusion of ICT, technology, robotics, coding, engineering, mathematics, science, and art and design. Unlike many Hong Kong schools where iSTEAM, commonly known as STEM or STEAM, is offered as an extracurricular activity, it is integrated as a core subject within our weekly subject timetable.

The holistic assessment framework is what sets our iSTEAM curriculum apart, evaluating not only academic skills but also essential life skills and values including resilience, adaptability, collaboration, risk-taking, honesty, and integrity. This well-rounded approach equips students to excel in their academic, personal, and professional endeavours.

| CHINESE

Our passionate and expert Mandarin department delivers a robust curriculum underscored by a unique strength: students engage in Chinese classes with equal instructional time to other core academic subjects. This structure fosters exceptional linguistic proficiency, cultural fluency, and confidence in using Mandarin across academic and real-world contexts.

Our commitment to the quality of Chinese teaching and the value we place on Chinese language and cultural learning prepares students for an international landscape as they become prepared for life abroad and in Hong Kong.

| iSTEAM 課程

我們屢獲殊榮的 iSTEAM 課程，融合資訊與通訊科技、機械人、編程、工程、數學、科學，以及藝術與設計，是一門具有前瞻性的跨學科融合課程。與香港許多學校僅將 STEM 或 STEAM 作為課外活動不同，我們將 iSTEAM 納為每週常規課表中的核心科目。

我們 iSTEAM 課程的獨特之處，在於其完備的評估架構，除學術技能外，更重視培養韌性、適應力、協作、勇於嘗試、誠實與正直等重要生活技能與價值觀。這種全方位的教育方針，讓學生在學業、個人成長及未來職業生涯中均能卓越出眾。

| 中文課程

我們充滿熱誠且專業的中文教學團隊，為學生提供紮實嚴謹的中文課程，其中一大獨特優勢在於：學生在中文課的學習時數與其他核心學科完全相同。這種課程編排能夠幫助學生培養卓越的語言能力與深厚的文化素養，並能夠在學術及真實情境中自信運用普通話。

我們對中文教學質素的堅持，以及對中華語言與文化學習的重視，讓學生不論日後身處香港或海外，皆能從容應對國際化的未來挑戰。

| SPORT

Our sports facilities offer a dynamic environment for a diverse range of physical activities and feature the highest indoor climbing wall in a school in Hong Kong.

Our comprehensive Physical Education (PE) curriculum goes beyond curriculum skills development, including competitive sports games against other schools and clubs in Hong Kong. Our partnership with Hong Kong Football Club gives our pupils access to the best sports facilities around, as well as world-class coaching.

Beyond our PE curriculum, students also have the opportunity to participate in Core Sports alongside their year group.

As part of our holistic education focus, we recognise the vital connection between mental and physical well-being and understand how sport fosters social awareness, teamwork, and commitment among our students, ensuring they develop essential life skills through engaging in athletic activities.

| 體育

我們的體育設施為多元豐富的體育活動提供充滿活力的環境，並設有香港校園中最高室內攀石牆。

我們完善的體育課程不僅著重技能發展，更安排學生與香港其他學校和俱樂部進行校際體育競賽。此外，通過我們與香港足球會的合作，學生可使用頂尖體育設施，並接受世界級教練的專業指導。

除體育課程外，學生亦有機會與同級同學一同參與核心體育項目訓練。

作為全人教育的核心部分，我們深明身心健康之間的緊密聯繫，亦重視體育在培養學生的社群意識、團隊合作及承擔精神中發揮的重要作用。透過參與體育活動，學生得以建立受用終身的生活技能。

Specialised Programmes

專業課程

| ENTREPRENEURSHIP

We offer entrepreneurship education to Year 6 and above, equipping students with real-world skills, strategic thinking, and problem-solving abilities essential for senior school, university and life beyond.

What sets our programme apart is its hands-on approach—students don't just learn business concepts, they apply them by launching and managing real ventures. Through this experience, they develop creativity, resilience, and leadership, giving them a competitive edge for university and future careers.

By fostering an entrepreneurial mindset, we prepare students not just for their next academic step, but for a future where innovation and adaptability are key to success.

| 創業教育

我們為六年級及以上的學生提供創業教育課程，旨在裝備他們升讀中學、大學乃至終生發展所不可或缺的實戰技能、策略思維及解難能力。

此課程與眾不同之處在於其高度重視實踐——學生不只學習商業理論，更透過創立及營運真實企業來應用所學。在此過程中，他們培養創意、韌性與領導才能，於大學申請及未來職涯中盡顯優勢。

透過培育創業思維，我們不僅協助學生邁向下一階段的學術旅程，更為他們應對以創新與應變力為致勝關鍵的未來奠定堅實基礎。

| INTENSIVE ENGLISH

Our Intensive English (IE) Programme is designed for students with strong academic potential but limited English proficiency. The programme tailors learning to each child's abilities, supporting and guiding them through the main aspects of the British and Cambridge Global English curriculum.

Through small classes and individual support, students develop foundational language skills (reading, writing, listening, speaking) to prepare them for success in an English-medium environment.

The IE Programme allows students to focus on English while also participating in specialist lessons with their mainstream class. It is available for children in Years 3–8, with duration varying by student. Most transition to mainstream classes after at least one term, based on readiness.

| 英語強化課程

我們的英語強化課程專為具備良好學術潛能、但英語能力尚待提升的學生而設。課程根據每位學生的能力度身設計，支持並帶領他們學習英國及劍橋全球英語課程架構的主要部分。

透過小班教學及一對一輔導，學生會逐步建立英語基礎能力（閱讀、寫作、聆聽及會話），為他們在全英語教學環境中取得成功做好準備。

英語強化課程讓學生參與主流班級的專科課程的同時，專注於英語學習。此課程適用於三年級至八年級的學生，學習時長因學生而異。多數學生在至少完成一個學期後，將根據準備程度轉入主流班級。

Extra-curricular Activities

聯課活動

Our Extra-Curricular Activities (ECAs) programme is integrated into the school day and offers students a dynamic platform to explore their passions and talents through a diverse range of activities. ECAs play a vital role in holistic development, empowering students to discover and pursue their interests beyond the classroom.

We offer over 100 ECAs each term, including (but not limited to):

Super Curricular Programme 課外擴展項目

| ENTREPRENEURSHIP

Entrepreneurship is a required part of the curriculum, giving students real-world skills, a strategic mindset, and strong problem-solving abilities for a rapidly changing economy. What makes our programme unique is its hands-on approach—students launch and manage real ventures, building creativity, resilience, and leadership that set them apart for university and beyond.

By fostering an entrepreneurial mindset, we prepare students not only for their next academic step, but for a future where innovation and adaptability are essential.

| iSTEAM

STEAM combines ICT, technology, robotics, coding, engineering, mathematics, science, and art and design. While many Hong Kong schools offer iSTEAM only as an extracurricular activity, we teach it as a core subject.

Our holistic assessment framework sets the programme apart, evaluating academic performance alongside key life skills and values—resilience, adaptability, collaboration, risk-taking, honesty, and integrity—preparing students for success in school and beyond.

| CAREERS PROGRAMME

Our Careers Programme is a weekly session for all students from Year 9 to Year 13, led by industry professionals who introduce a broad range of future pathways. Students begin with wide exposure in Year 9 before narrowing their interests in Year 10 and 11 by choosing one of three career groupings: Life and Medical Sciences, Social Sciences and Entrepreneurship, or Physical Sciences and Mathematics.

By the Sixth Form, they focus on one career area, shaping their subject choices, university planning, and supercurricular engagement. This structured journey helps students develop clarity, confidence, and meaningful experience as they prepare for their future ambitions.

| 創業教育

創業教育為本校核心課程，旨在裝備學生應對急劇變遷的經濟環境所需的實戰技能、策略思維及解難能力。

此課程與眾不同之處在於其高度重視實踐——學生不只學習商業理論，更透過創立及營運真實企業來應用所學。在此過程中，他們培養創意、韌性與領導才能，於大學申請及未來職涯中盡顯優勢。

| iSTEAM 課程

iSTEAM 是一門資訊與通訊科技、機械人、編程、工程、數學、科學，以及藝術與設計的跨學科融合課程。與香港許多學校僅將 STEM 或 STEAM 作為課外活動不同，我們將 iSTEAM 納為每週常規課表中的核心科目。

此外，iSTEAM 課程的全人評估框架更是其與眾不同之處——不僅評量學術技能，更重視培養韌性、適應力、協作、勇於嘗試、誠實與正直等重要生活技能與價值觀。這種全方位的教育方針，讓學生在學業、個人成長及未來事業中，均能作出卓越的貢獻。

| 職業生涯規劃課程

我們的職業生涯規劃課程為中三至中七所有學生提供，每週一次，由業界專業人士主講，為學生介紹多元而廣泛的未來發展方向。學生在中三首先接觸各類職涯領域，至中四及中五則按興趣從三大職涯範疇中選擇其一，包括「生命與醫學科學」、「社會科學與企業精神」或「物理科學與數學」。

升上高中後，學生會專注於其中一個特定職涯方向，並據此調整他們的選科、升學規劃及超課程參與。威雅香港系統的職業生涯規劃歷程幫助學生在探索未來志向的過程中建立清晰目標、自信心及寶貴的相關經驗。

Extra-curricular Activities

聯課活動

Our Extra-Curricular Activities (ECAs) programme is integrated into the school day, giving students opportunities to explore their passions through a diverse range of activities. Through ECAs, students develop transferable skills, broaden their interests, and grow into well-rounded, confident individuals.

We offer a wide range of ECAs each term, including (but not limited to):

我們的聯課活動計劃（ECAs）已融入日常學校生活，透過多元化的活動為學生提供一個充滿活力的平台，讓他們得以探索自己的熱情與才華。聯課活動在全人發展中擔當重要角色，賦能學生在課堂以外發掘並追求自己所熱愛的領域。透過積極參與聯課活動，學生得以培養可轉移技能、探索課堂以外的志趣，並建立全面的個人特質與主動性——這些正是頂尖大學在甄選申請者時所重視的獨特優勢。

Student Life

學生生活

Student life is thoughtfully designed to foster both academic excellence and personal growth. We provide a supportive, close-knit community where tailored support—including specialised after-school clinics—ensures every student gets the guidance they need.

As pupils progress, particularly in the Sixth Form, they are gradually entrusted with university-style independence, empowering them to manage their time, explore passions, and take ownership of their learning journey.

This unique balance of guidance and autonomy mirrors the challenges and opportunities of higher education, equipping students with the skills, resilience, self-motivation to transition seamlessly into their futures.

學生生活的設計處處體現對學術卓越與個人成長的双重重視。我們提供一個關愛而緊密的社群，配合度身訂造的支援——包括專門設立的課後輔導班——確保每一位學生都能獲得適切的引導。

隨着年級提升，尤其在 Sixth Form 階段，學生會逐步體驗大學式的自主學習模式，學習管理時間、探索個人志趣，並成為自己學習旅程的主導者。

這種引導與自主並重的獨特平衡，正是高等教育挑戰與機遇的縮影，使學生具備技能、韌性與自我驅動力，得以無縫銜接地邁向未來。

AFTERSCHOOL CLINICS

Students benefit from our After School Clinics, a dedicated academic support programme that allows them to stay on campus until 7:00 PM. Teachers rotate on a bi-weekly basis, offering focused subject-specific sessions tailored to individual learning needs. These clinics provide the extra time and attention necessary to help students overcome challenges, reinforce key concepts, and build confidence in their studies.

The programme emphasises personalised, one-on-one mentorship, ensuring each student receives targeted skill development and academic guidance, whether a learner requires intervention or seeks to excel beyond the curriculum.

Additionally, we offer specialised 1:1 tutoring (fee-based), including EAL (English as an Additional Language) support and subject-specific academic tutoring, providing further flexibility for families seeking extra assistance.

SMALL CLASS SIZES

Intentionally small class sizes are the cornerstone of our commitment to individualised learning. We strictly cap class numbers at 24 students to ensure no group exceeds our size limit.

With fewer students per class, we cultivate a setting where every voice can be heard, strengths can be amplified, and knowledge gaps can be proactively addressed.

By maintaining small cohorts and an optimal teacher-student ratio, we foster focused interactions that drive measurable progress. At our school, individualised attention isn't just a philosophy; it's a structured practice rooted in deliberate design, ensuring every student thrives.

課後輔導班

學生可參與我們的課後輔導班——此為專設的學術支援計劃，讓學生留校至晚上7時。教師每兩週輪值一次，開設針對特定學科的輔導時段，配合個別學習需要。這些輔導班提供額外的學習時間與悉心指導，協助學生克服難關、鞏固重點知識，並建立學習自信。

此計劃着重個性化的一對一師友指導，確保無論是需學術輔助的學生，抑或渴望超越課程框架的學習者，均能獲得針對性的技能培訓與學術引導。

此外，我們亦提供收費的一對一專科輔導，包括英語作為附加語言支援及特定學科補習，為尋求額外協助的家庭提供更靈活的選擇。

小班教學

堅持小班制教學是我們實踐個別化教學的核心承諾。我們嚴格將每班人數限制在24名學生，確保任何班級小組都不會超過此規模上限。

班級人數的精簡，使我們得以營造一個讓每一位學生的聲音都能被聽見、優勢得以強化、學習差距得以主動補足的學習氛圍。

透過維持小班編制與優化師生比例，我們促進專注而高效的互動，帶動顯著的學習進展。在本校，個性化關注不只是一種教育理念，更是根植於精心設計的制度實踐，確保每一位學生都能茁壯成長。

INDEPENDENCE AND ACADEMIC MATURITY

In the Sixth Form, students enter a learning environment intentionally crafted to reflect the rhythms and expectations of university life. They are encouraged to take increasing ownership of their studies—managing deadlines, organising their time effectively, and pursuing subjects with a depth and maturity that prepares them for higher education. This independence does not mean navigating the journey alone; rather, it is supported by the close, trusted relationships students build with their teachers.

PERSONALISED UNIVERSITY GUIDANCE

At the heart of the Sixth Form experience is the opportunity to make use of our comprehensive, in-house university counselling service. This optional, premium support offers students personalised, one-on-one guidance as they prepare for life beyond school. Whether refining academic interests, shaping extracurricular goals, developing compelling personal statements or exploring global pathways, students can access expert advice tailored to their individual strengths and aspirations.

CONFIDENT, FUTURE-READY GRADUATES

By the time they graduate, our Sixth Formers have not only achieved high academic standards but have also gained the confidence, self-reliance, and life skills needed to flourish in the diverse challenges of higher education. The result is a Sixth Form experience that bridges school and university—immersive, empowering, and personalised to each student's future.

自主能力與學術成熟

在 Sixth Form 階段，學生會進入一個特意參照大學節奏與期望而設計的學習環境。他們被鼓勵逐步掌握學習的主導權——管理 deadlines、有效規劃時間，並以符合高等教育要求的深度與成熟度鑽研所選學科。這份獨立自主並不代表孤身前行，而是建立在學生與教師之間深厚而互信的關係之上。

個性化升學指導

Sixth Form 體驗的核心，是學生可善用我們全面而專業的校內升學輔導服務。這項可自選的尊貴支援服務，為學生提供個性化的一對一指導，協助他們為離校後的未來作好準備。無論是深化學術志趣、規劃聯課活動歷程、撰寫具感染力的升學個人陳述，還是探索全球升學路向，學生均能獲得因應個人優勢與抱負而設的專業建議。

自信且具備未來競爭力的畢業生

至畢業之時，我們的 Sixth Form 學生不僅會在學術上達到卓越水平，更會培養出應對高等教育多元挑戰所需的自信、自主能力與生活技能。這正是 Sixth Form 的獨特價值——一場沉浸式、賦能且個性化的學習歷程，為每一位學生搭建起從中學通往大學的堅實橋樑。

The Entrepreneurship programme has been incredibly helpful in teaching my child the fundamentals of entrepreneurship, including problem-solving, creativity, teamwork, and decision-making. It's been exciting to see them learn about real-world business concepts at such a young age, which I believe will be invaluable for their future.

—— Nan Shen, Parent of Year 7 Student

The teachers and staff really demonstrate that they care about each student's development. They take time to get to know your child. We have received personal emails from our son's teachers to celebrate successes together and stay up to date with his growth and development. Also, the teachers seem to know every child at the school!

—— Rachael Ho, Parent of Year 6 Student

We value the small class sizes, sense of community, close relationship and active communication with the teachers, and the focus on more than just the core academics, but also emotional wellbeing.

—— Kevin Lien, Parent of Year 7 Student

The teachers are of a very high quality. All of the staff are very intuitive; they solve problems with kids rather than passing problems on to parents. The teachers are very encouraging, and they see the good and potential in kids rather than pinching their weaknesses. We love the tours and trips, which help them to build their skills, independence, and personality.

—— John Cheng, Parent of Year 6 and Year 9 Students

Holistic education has helped my child develop not only academically but also socially and emotionally. They have become more confident, independent, and willing to take on challenges. One thing my child loves most is the warm and friendly school environment. They enjoy interacting with their teachers and classmates, joining various activities, and feeling happy and valued every day at school. Teachers truly care about each student, parents are warm and helpful, and the whole community works together to support children's growth. It feels like a big, caring family.

—— Xiaoyan Wei, Parent of Year 10 Student

Wycombe Abbey Hong Kong is wonderful and provides an excellent education. My child loves studying the subjects he has chosen. I appreciate the Chinese New Year traditions and that the school really celebrates the Chinese traditional culture too.

—— Gao Yan, Parent of Year 12 Student
